

BLUE MOUND STATE PARK MASTER PLAN AMENDMENT *Newsletter*

July, 2015

Issue #2

In December 2014, the Natural Resources Board gave the go-ahead to start an amendment review of the master plan for Blue Mound State Park. The possible plan amendment will only be for recreational trails, their uses and locations.

Open House Scheduled for July 21, 2015. An open house has been scheduled to review and comment on information that has been collected for a possible amendment to the Blue Mound State Park master plan to define trail use within the park. The open house will provide opportunity to review and comment on updated trail maps, trail mileages, and regional trail connections. The department is also seeking comments on current trail conditions and improvements that may be made to enhance the trail experience within the state park. After this review period, the department will use this information to create a draft sustainable trails network plan that will be available for public review and comment later this year.

The open house will run from 5 to 7 p.m. with a short presentation summarizing the data and findings at 5:15 p.m. and will be held Tuesday, July 21 at the Mount Horeb High School, 305 S. 8th Street, Mount Horeb.

You may also provide comments on the base maps and other materials during the open house as well as online or by U.S. mail. The comment deadline is July 30, 2015

Get the latest news on the master planning efforts by subscribing to planning updates sent directly to your email. It's easy, simply go to: <http://dnr.wi.gov/topic/Lands/MasterPlanning/BlueMound/> and subscribe. In addition, all current planning materials are available for review on the website.

Thank you for your continued interest in this planning effort!
